# 100% **MADE IN AUSTRIA**

WITH US YOU NOT ONLY KNOW WHERE YOUR POLE IS  
MADE BUT ALSO WHO IS STANDING BEHIND IT

*From the first concept to the finished product every single pole is made right in the heart of Austria. We are true innovators and for almost 100 years we stand for exceptional quality, outstanding service and honest sustainability.*

## INNOVATION

*We are pioneers, trendsetters and true innovators in poles, protection and snowshoes.*

*In each and every product we invest a lot of heart and soul to constantly surprise and excite our customers.*

*Our products have won more than 30 international awards. An honour that constantly motivates us to strive to do better with every new product we create.*

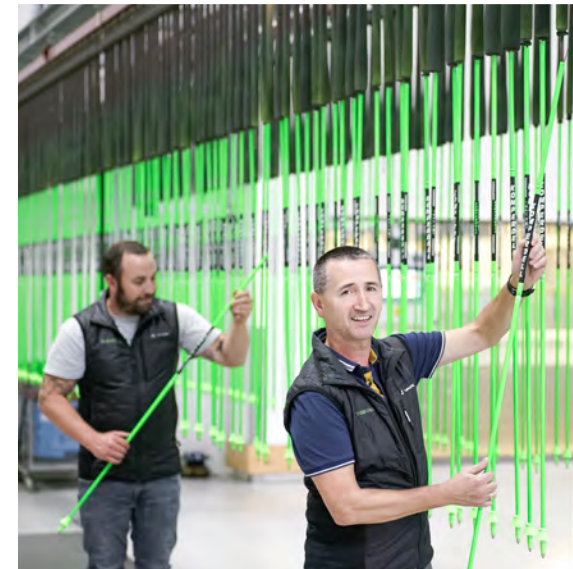

## QUALITY

*Above all, there is a lot of personal pride and passion of each and every one of our employees in every single product we create.*

*Exciting and surprising our customers with what we do means the world to us.*

*Premium products deserve premium service. Therefore every KOMPERDELL product is backed by our 3-year „no questions asked“ repair service.*

## HONEST SUSTAINABILITY

*Our new factory is really state of the art. Our machinery and filtration systems are designed to keep our environmental impact down to an absolute minimum.*

*Today, we certainly run the world's cleanest pole factory.*

*Honest sustainability is not a slogan but a true commitment from every one of us.*

## CHAMPION'S CHOICE

MORE THAN 200 ATHLETES TRUST IN OUR PRODUCTS

We are one of the most successful racing brands in history. The world's best skiers have sworn by our equipment for decades.

**SOLID SCREW JOINT**  
for extra tight fit and no twisting  
of the punch protection

**PUNCH PROTECTION**  
made of highly resistant  
thermoplastic resin,  
absorbs hard impacts

**SHRINKING TUBE**  
for reinforcement of the tube

**STRAP FASTENING**  
makes tearing off the  
strap nearly impossible

**SKICROSS STRAP**  
with free hands at the starting  
block catapulted into the race

**WORLD CUP EQUIPMENT**  
extremely rigid materials and precise  
manufacturing for highest demands

**CARBON SHAFTS**  
for zero weight and  
maximum performance

# D'SCENT

FREESKIING - TOURING - BACKCOUNTRY

*A brandnew generation of poles. Designed for skiers who ski a lot off piste and in the backcountry. They have all the features needed for a safe descent but also for an effortless ascent when skiing in the backcountry.*

## CLICK-IN STRAP

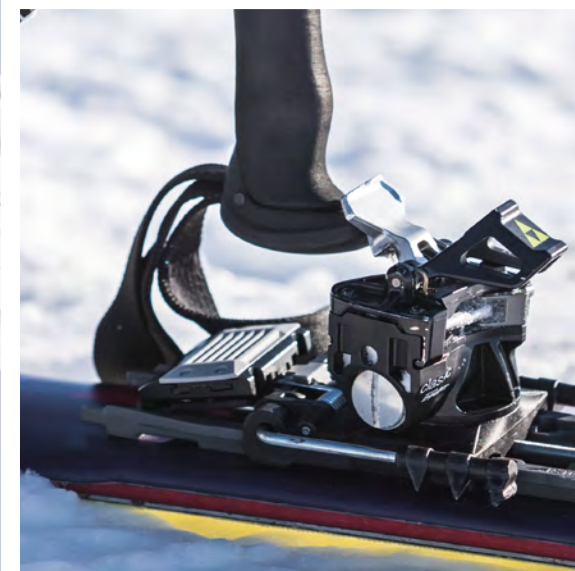

*Designed for additional safety when skiing in the backcountry. On ascents the ergonomically shaped straps are super comfortable to use but can be taken off with a simple push of the button for descents.*

**ICE-FLEX BASKET**  
adapts to the slope –  
up to 28°

## ICE FLEX SYSTEM

*Our articulating basket is designed for skiing steeper or harder slopes with large flotation baskets. The ability to adjust to the slope of the terrain makes it so much easier to get a good and safe grip on the slope when skiing with large flotation baskets.*

## BACKCOUNTRY GRIP

*All our poles feature an extended gripzone. Great to choke up on the pole when climbing steeper slopes. The griphead is designed to operate the heel lifts on almost all touring bindings on the market.*

## AWARDED WITH

# SNOWSHOES

## THE WORLD'S FIRST CARBON SNOWSHOES

*At Komperdell we are true innovators and to achieve our goal to make a traditional snowshoe 50 % lighter, we had to completely re-think the way a snowshoe is being built. The result is truly amazing - half the weight on your foot makes all the difference!*

## **ONLY 691 GRAMS**

*Both the decking and „Hollow Core AirFrame“ are laminated in one single step in production. The use of ultralight Carbon and this unique production process saves more than 50 % in weight without sacrificing any strength.*

## **TONS OF TRACTION**

*Stainless Steel Rail Claws are laminated directly into the frame and provide tons of traction on ice and hard packed snow.*

## **INSULATED BINDING**

*Our Easy Step In Binding is easy to get in and snuggles up tightly around your shoe. The insulated neoprene toe cover keeps your feet dry and warm, even in deep snow.*

# **CARBON** SNOWSHOES

THE WORLD'S 1<sup>ST</sup> SNOWSHOES MADE OF CARBON

*50% less weight and incredible traction on ice and hard packed snow.*

## CARBON AIR FRAME 25

**Sizes:** S, M, L

**Weight:** 691 grams/piece

**Features:**

- ★ integral built carbon decking
- ★ especially light, hollow-core carbon frame
- ★ ice-rail claws for optimal traction
- ★ Easy step-in binding with quick-fastener, fitting all sizes and types of boots and offering perfect hold
- ★ Toe cover

art. # 6508-10

## COMPOSITE AIR FRAME

**Sizes:** S, M, L

**Weight:** 748 grams/piece

**Features:**

- ★ integral built carbon decking
- ★ especially light, hollow-core carbon frame
- ★ ice-rail claws for optimal traction
- ★ Easy step-in binding with quick-fastener, fitting all sizes and types of boots and offering perfect hold

# PROTECTION

PIONIER – TRENDSETTER – MULTIPLE AWARD WINNER

*For more than 20 years we have been the leading brand in protection.  
We are the only brand to not only develop and manufacture the garment  
but also the protector itself.*

## SAFETY

Our protectors have the largest continuous protective zone on the market. Our foam is Multiple Impact Resistant and features the highest impact protective properties on the market. Our protectors have won more than 30 comparative tests and awards over the years.

## BREATHABILITY & COMFORT

The design of our protective layers allows for maximum breathability and flexibility of our protectors without sacrificing their protective properties. The protector perfectly contours to your body and our customers rave about the fit and comfort of our vests.

## MULTILAYER DESIGN

Our new CrossFlex 6.0 protector is 30 % lighter than prior generations and has a vastly improved flexibility. Compared to prior generations and conventional plate-style protectors our CrossFlex 6.0 protectors offer comfort on a level never heard of before.

# PROTECTION

BECAUSE ONLY THE BEST PROTECTION IS GOOD  
ENOUGH FOR OUR KIDS

*360° protection and the highest protective properties on the market have won us multiple awards for our kid's protectors over the past 15 years.*

## 360° PROTECTION

Most of our kid's protectors not only feature our award winning back protectors but additional layers of protective foam on the front and side. 360° of protection is something only KOMPERDELL offers.

## WIDTH ADJUSTMENT

New for the coming season is a specially designed side panel that gives the vest a ton of extra stretch on the side. Especially with kids choosing the right size of protector is key for the protector to perform properly.

## CROSFLEX 6.0

The remaining force of our new CrossFlex 6.0 protectors is up to 40 % lower than prior generations.

Their new multilayer design vastly improves the flexibility of our new generation of protectors. New 3D mesh inserts on the back improve their comfort and enhance the breathability.

# **BALLISTIC PRO** JUNIOR

*ONLY THE BEST IS GOOD ENOUGH FOR YOUR KIDS*

*We are the only manufacturer who protects your child with  
360° all around protection.*

an ISPO Award

# FXP CARBON

## MOUNTAINEERING WAS NEVER EASIER!

*Handling the FXP is as easy as it can be. The packed pole is held together by a Velcro strap and once opened, it unfolds completely by itself. This is not only easy, it also saves time and creates a unique experience.*

# THE FIRST AND ONLY SELF DEPLOYING FOLDING POLE

## SOLID MECHANICAL CONNECTION

no load on the push button

## PURE MAGIC - SELF DEPLOYING

when released, the pole  
deploys completely by itself

## FXP MECHANISM

Exclusively and only from Komperdell

## 30% LIGHTER

going from 11 to 3 parts in the folding  
system makes all the difference
